Thank you for the quick response! I sent this to OGC last week for review of the ESA remand language but this language must have been overlooked. I will follow up with OGC now.

Subject: RE: Question on ID mitigation: Response to Chief Peter Paul of Micmac Nation re: glyphosate

Hi Carissa, I agree with Dana that we should check with OGC. And for clarification – Khue’s message is correct in that we did not implement any of the mitigation from the glyphosate ID.

Subject: RE: Question on ID mitigation: Response to Chief Peter Paul of Micmac Nation re: glyphosate

Hi Carissa,

We asked for a remand of the ecological portion of the glyphosate risk assessment in conjunction with recent litigation. We have not heard back from the court. I would recommend getting OGC concurrence our response.

Thanks,
Dana

Subject: RE: Question on ID mitigation: Response to Chief Peter Paul of Micmac Nation re: glyphosate

I do not think any of the labeling measures for glyphosate were implemented. Label implementation was put on hold because of the ESA initiatives and the need to fold in ESA risk mitigation for glyphosate in the near future. Steven might know more, copying branch 1 folks.

Subject: Question on ID mitigation: Response to Chief Peter Paul of Micmac Nation re: glyphosate

Good morning, Khue,

I hope you had a relaxing weekend. I wanted to confirm that the glyphosate mitigation regarding spray drift and other label updates were adopted. I am hoping once this question is addressed we can finally send this response by to R1.

Many thanks,
Carissa

Carissa,

This is much more informative and the placement of the litigation discussion is good.

Subject: Re: FOR OCSPP IO AWARENESS: Response to Chief Peter Paul of Micmac Nation re: glyphosate

Good morning, Jonah,

For OCSPP IO review/approval, attached is a revised response to include language regarding the recent litigation. I've attached a clean version and RLSO version of the response.

Once OCSPP IO approves, ICRB will transmit the draft response to R1 for signature and processing.

Many thanks,
Carissa

Hello, Mary,

For OCSPP IO review, attached is a revised response addressing Michal's and Jake's comments. I've attached both a clean version (with OCSPP IO comments) and RLSO.

Many thanks,

Carissa

Subject: FOR OCSPP IO AWARENESS: Response to Chief Peter Paul of Micmac Nation re: glyphosate

Hello, Jonah,

For OCSPP IO awareness, attached is a draft response to a tribe who reached out to R1 regarding glyphosate (email chain below). The response is teed up for R1 AA signature. The response has been reviewed by both OPP and OPS.

If there are no concerns from OCSPP IO, ICRB will send this back to R1 for signature and closure.

Many thanks,

Carissa

Subject: FW: Response to Chief Peter Paul of Micmac Nation

Hi Kaitlin – I am following up with the draft of the letter that we would be planning to have our Acting RA send to the Chief. We will hold off on sending the letter until we are able to connect with you on whether OPP would send a follow-up response to the chief. Please feel free to point me to someone else if you are not the correct person to start with on this.

Thank you very much for your help, Stephanie

Subject: Response to Chief Peter Paul of Micmac Nation

Hi Kaitlin –

I hope all is well with you! I am reaching out because Region 1's leadership participated in the recent Tribal Leaders Summit where we received comments from Micmac Chief Peter Paul. Chief Peter Paul's comments included "is EPA doing anything in regard to Roundup? It is applied to managed forests and affects fish, moose, and deer. What are they doing to animals? Hardwoods are some of what animals eat. How does it really affect our ecology. Deer ingest this." He specifically mentioned the Maine governor's veto of a bill regarding glyphosate.

We are drafting a response to go from our Acting Regional Administrator to the Chief letting him know we appreciated hearing his comments and will follow-up with more information. However, we did not want to get out in front of OPP by communicating specifics about the registration, risks, etc. Would you be able to point me to someone in the Registration Division who could coordinate a follow-up response from OPP to the chief addressing his concerns regarding risks (we are inferring too that by mention of deer he may have concerns about human health risks from consuming deer). It would also be helpful if the letter could summarize or point to EPA's current policy communications on the use of glyphosate and give a status and summary of the registration review.

Thank you very much in advance for your help, Stephanie
